

Dream Group Forum in Finland [Suomen uniryhmäforum, Surf] arranges

Dream seminar Sept. 8.-10, 2017

This page has always the latest info

About the seminar

Seminar's organization is informal (see the program next page). Dream groups based on Montague Ullman's method are the key functions. Self-organizing of the groups is encouraged. Among the participants there are experienced dream group leaders to guide through the processes. Earlier experience with dreamwork is not needed and neither any other special training. The forum is open to diverse world views and philosophies.

No need to be a Surf member, because Surf has no members; Surf's activity is based on free cooperative work. The organizers of the seminar participate pro bono, so the cost of the seminar consists only of room and board.

The bulk of the participants are Finns, and the main language is therefore Finnish. We have had during the years **participants from different countries**. To our surprise the language has not caused any problems. Changing of languages occurs without an effort and translations are served with humor. The **language** of the dream groups will be determined by the participants and they have worked well.

Venue

See [Friendship Inn](#) [Arrival info at the end of this document](#)

Friendship Inn is a commune with a social awareness agenda. It is located by a lake in Southern Finland. It is not in any way fancy, but cozy and inspirational. The staff are mainly volunteers.

The food served is simple home cooking. Please inform us of any **dietary restrictions**. Simple restrictions due to dietary allergies (gluten, lactose) can be noted. Vegetarian diets are available.

Lodging is in rooms for 1-6 people. Rooms contain a bathroom but showers are in shared areas. Lodgings are decided by the staff on arrival, special needs are taken into consideration. Bed linen and towels cost 5€ if you do not have your own with you.

Since this is Finland, one big attraction is possibility for **sauna** bathing every night by the lake, even with a dip into the quite cool waters. Sauna has been one of the great attractions for our foreign guests! The view is quite fantastic.

Sign up

Preferred with email surf@siivola.org (or by phone +358 400 666996, Markku Siivola). It is possible to participate a shorter stay, then the cost will be reduced accordingly.
